Daniel Keenan

Personal Statement

I am due to graduate from Kingston University with a Data Science MSc, which included extensive computing and data-focused experience. I am also a graduate of a Computer Science BSc, during which I completed a wide range of varied computing projects and further developed my existing skillset. I am now keen to utilise the skills I have gained from both degrees and gain work experience in an analyst role that provides challenge.

Key Skills & Experience

Technical Skills:

- Programming: Python, SQL, R, Java, JavaScript, Swift, HTML
- Data Analysis and Machine Learning: Pandas, NumPy, Matplotlib, Scikit-learn, Tensorflow, Keras, Tidyverse
- Software: MS Office Suite, Tableau, Power BI, VS Code, PyCharm, Anaconda, Jupyter Notebooks, MySQL/PostgreSQL, Git

Essential Skills:

- Sharp attention to detail and a strong analytical mindset
- Confident communicator
- Customer service and complaints handling
- Team player
- Willingness to learn new tools and practices
